

Organic form theory of Romanticism helps writers, artists, and preachers free themselves from potentially limiting norms and rules of form. *Organic Homiletic: Samuel T. Coleridge, Henry G. Davis, and the New Homiletic* will inspire preachers to express their individual voices and create their own authentic forms by offering preachers innovative methods to creatively imitate, blend, and mix a wide variety of sermon forms. The book is a motivator for preachers to intuitively discover sermon content in the rhetorical context of a given preaching situation, and to develop that content utilizing organic form in the process of sermon preparation. *Organic Homiletic* is a must-read for seminarians, experienced preachers, creative writers, and artists—all those who seek to be fresh, authentic, creative, liberated, and organic.

**Richard Hee-Chun Park** received his Ph.D. in Homiletics from the Graduate Theological Union, Berkeley, California. His most recent research has focused on his passion for rhetoric and interdisciplinary work. He has also been an Assistant Professor of Preaching/Rhetoric and Worship at Presbyterian College and Theological Seminary, Seoul, Korea.
